Hasbrouck Heights, N.J. May 22, 2017 – Redwood Realty Advisors is pleased to announce that it has received a prestigious 2016 Power Broker Award from CoStar. The CoStar research team works diligently to find and verify information on commercial real estate sales, leases and listings. At the end of each year, CoStar tallies the results to determine the top brokerage firms and top individuals in each market. Redwood Realty was recognized as a “Power Broker” specific to apartment sales.

“The Power Broker award shows how our entire team has really hit the ground running and worked together to deliver results for our clients, said Thomas McConnell, CCIM, managing partner at Redwood Realty. The company officially launched in second quarter of 2015, making 2016 the first full year in business.
